

Saint Paul Conservatory for Performing Artists  
Theatre/Musical Theatre Program  
Student Handbook

**Grading**

Students receive a grade in each of their Theatre/Musical theatre classes that reflects in their GPA. The Theatre/Musical Theatre Program does everything it can to ensure that grades are given in an objective manner, although theatre is a form that does lend itself to some amount of subjectivity. Students will be graded in the following manner in all theatre/musical theatre classes:

1. **Daily Five**

Every day, each student has the opportunity to earn five points:

1 pt. for **Attendance**: Student is present in class.

1 pt. for **Punctuality**: Student is on time, and ready to work when class begins.

1 pt. for **Preparedness**: Student is dressed appropriately for class, has all of the required materials, and has completed all assignments.

1 pt. for **Participation and Engagement**: Student demonstrates effort and attentiveness, participates fully in all aspects of class, and takes responsibility for their learning.

1 pt. **Collaboration**: Student works generously and cooperatively with others, and is accountable to their classmates.

The daily five will make up the majority of the student's grade - 70%

2. **Performance Grades**

Over the course of the semester, students will receive a handful of grades that provide an honest representation of the student's skill level demonstrated in a performance, project, test or quiz.

Performance grades will be determined according to the Performance Rubric, which can be found on the website.

These grades will make up a minority of the student's grade - 30%

If you would like to see your grade at any time or have any questions about your grade, please speak with your teacher respectfully.
